April 2018 Dear Parent(s):

April is upon us and what a lovely one we hope it is, we hope to spend lots of time outdoors including trips to the park and our neighboring fields and forest areas. Our focus this month will be on Spring and outdoors.

We will be learning about life cycles in May with the aid of our own butterflies in the classroom, we will be able to observe them from the caterpillar stage to butterfly and will release them as a class. We are very excited, they are due to arrive beginning of May and this will be quite the process to watch.

We are excited to once again welcome some visits this month from our librarian, Laura for some storytime⁽²⁾ and a new visitor Jesie who will be doing some aboriginal drumming and activities with us.

Gymnastics days are now finished just in time for us to enjoy the beautiful spring weather and activities outside. Please send your child in weather appropriate clothing as we go outside every school day.

We are looking forward to a funfilled month! Sincerely,

Your Teachers

, M
